Solution Capabilities

CASH by Mentor is the market leading business management solution for security installers. CASH allows installers to run their business all the way from the very first sales enquiry through to install and billing. With seamless and real time links to engineer handheld devices and our Alarm Receiving Centre. CASH is at the forefront of technology, meaning your business stays ahead of the competition.

CASH links up with SmartPac and MASTerMind to ensure that the flow of data between the installer and Custodian is watertight - and fast.

Customer Benefits

- Superior management of service engineers with increased productivity and revenues
- Once a job is created on CASH, there is no duplication of data in transferring the information to the ARC as with rival solutions, saving installers significant admin time
- Reduces error potential in signalling order process as data transfers between SmartPac and CASH. No emailing of MS Word or Excel documents to order signalling
- False alarm management reporting becomes easy with the MASTerMind download into CASH, meeting NSI and SSAIB requirements, saving admin time
- Automated updating of key holder information from SmartPac into CASH
- The ability to pass calls to an engineer handheld device out of hours making call handling procedures standard 24 x 7
- Best in class support from the Mentor technical team, all industry experts
- Links between CASH, Custodian and MASTerMind cannot be matched anywhere else, giving unparalleled efficiencies
